EDITOR'S VOICE

Dear parents and students....

WISH YOU HAPPY NEW YEAR - 2025. This is the time where all of us have to just look back to 2024, to review our achievements if any are there. If not we have to analyze the lapses of our personality and seriously to think about the strengthening of our personality at least in the year 2025.

At the same time we have to plan accordingly in the first week of January about the entire year of 2025. These three months of the academic year January, February and March are very very important for all the students, so that you people as students can prove your ability by attending the Annual exams. These marks are nothing but the summary of your intelligence + Hardwork in the entire year long of 10 months right from June 24 to March 2025. This is the exact time to activate all your energies to face the academic challenges in the form of Annual exams. All parents are to observe their wards about their academic activity in the school.

Almost 80% of the student's career will be fixed in the High School stage only. Every body including grand parents, brothers, sisters of the students should feel to implement this seriousness about the end Examinations.

Thank you all.

- Dr. M.V.R.Krishnaji

WISH YOU A HAPPY NEW YEAR - 2025

Participation of our students at Ramnarayanam

‘GURAJADA SCHOOL’S PARTICIPATION IN THE VARADHI GLOBAL YOUTH CONCLAVE ON THE RAMAYANA

We are thrilled to announce that three of our Class 8 students - A. Asmitha, K. Lahari and P. Praneeth are participating in the Varadhi Global Youth Conclave on the Ramayana. This remarkable event is being organized by the NCS Charitable Trust at Ramanarayanam, Vizianagaram. It brings together students from schools, Colleges and universities worldwide to study and present the profound teachings of the Ramayana.

Our students have chosen A Study of the Art Power of Gratitude as their core presentation topic, exploring the importance of gratitude as a powerful force in life, much like the lessons found in the Ramayana. In addition to the students, Ramalakshmi Madam, our Telugu teacher for higher classes, has also enrolled in the program and selected The Study of the Art of Acceptance and Tolerance for her teacher presentation.

Throughout this process, the Varadhi team has conducted classes, offering both online and offline sessions, to guide the students in their research and presentations, a paper presentation, and a video presentation. The final presentation is scheduled for January 26th and we are excited to see the culmination of their hard work and dedication.

Furthermore, the Valmiki Research Centre organized an essay writing competition for students in classes 6 to 10. The competition encouraged students to explore topics such as Conflict Resolution, The success Receipt, Unity in Diversity, Walking the Talk, Sita's Agnipravesham, and Who did Sita protect? Around 100 students participated, reflecting on how the lessons of the Ramayana and relevant in today's world.

We are incredibly proud of our students and teacher for their commitment and effort. These initiatives not only strengthen their research, presentation and public speaking skills but also deepen their connection to our cultural heritage. We wish Asmitha, Lahari and Praneeth the best of luck in their final presentations and we are confident they will represent Gurajada School with pride.

GOD IS MY ONLY TRUE FRIEND

(Chy. R. Sai Prasanna - 10th Class)

We are born in a cycle where birth, childhood youth, old age, death and rebirth continues. The quality of this cycle depends on past and previous Karmas. After creating mankind Lord Brahma who is the creator of this universe gave the following advice. "May to multiply and prosper with the spirit of sacrifice. But as human race multiplied we forgot the advice and built walls of ego and restricted our vision.

Friendship is a great blessing and not everyone is lucky enough to have a best friend. Friendship should always have a positive impact otherwise a wrong friendship can totally destroy one's life. A friend should love the way you are not the way they like you to live.

We claim to have many friends but actually they are just people whom you know from a while. Even today we develop friendship through Facebook and other social media apps. According of Bhagwan Baba they are all part time friends and because of whom our life will get spoil. I consider God as my best friend as he knows everything about me. We knows my fear, desires and dreams. He loves me unconditionally. His friendship is pure and selfless. It is through God that I came to know the true meaning of friendship. God never discriminates any one on thus basis of their caste or religion nor does he see any one's financial background.

We may feel that god cannot talk to us and that he cannot see us but we can feel his presence in times of difficulty. God is my guide in times of difficulty. A few lines quoted by Bhagawan Sri Satya Sai Baba who is considered as God and Guru by millions across the globe and who has transformed the hearts surprising all regional and religious boundaries is with his divinem message of love.

"Human friendship is weak and stay with you as long have position. Relatives may come up to the door step of funeral site but God is the true friend who is always above you, below you, in you and around you. Today's worldly friend may be tommorow's enemy. But god will never be your enemy. He doesn't Judge me, nor does he abandon me intimes of need. As Bhagawan Sri Sathya Sai Baba further stated that "we can talk as we like with an old friend but when a new friend comes to our house, we extend a lot of courtesy and give tea and cofffee. We realise this truth that God is an old friend with whom we can move freely and express outmistakes and ask for forgiveness and seek his blessing".

There is nothing that we can hide from God. He is much more nearer. Lord Krishna played a big role in Kurekshetara war guiding Arjuna and counselling him. He protect his free friend Arjuna, Lord Krishna used his divine power to save from Kouravas in crucial moments. even in Ramayan Lord Rama stood by his friend Sugreeva and killed Vali who unjustify occupied the kingdom of Kishkanda. In God's presence, I find comfort, wisdom and peace. He is my rock, my refuge and my true friend. I can pour act my heart to him and he listens with compassion and understanding.

In a world filled with un certainly where everything is judged on the basis of money and status, God's friendship is my anchor who holds me steady and secure. I am grateful for this divine companionship he is the only friend who I ever had in my life. Friendships is priceless in this world as we celebrate achievements and success together and he never lots me down.

I hereby close my essay citing a discourse of Sri Sathya Sai Baba "Today we have one friend, tomorrow another friend and so on. But we must remember that out heart is a single Chair and not a musical chair. We must in still only God as our best friend in our heart so that we can receive his guidance from him and lead a peaceful and happy life.

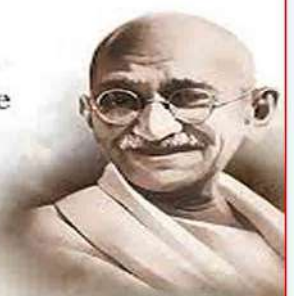

"Strength does not come from physical capacity. It comes from an indomitable will."

- Mahatma Gandhi

The best way to find yourself is to lose yourself in the service of others.

IMPORTANCE OF INTERNET

(Chy. K. Laxmi Srivani - 10th Class)

"Internet" plays a significant role in every one's life. All over the world many people directly or indirectly depend on internet for their needs and necessities especially. It plays a crucial role in student's life. It is very useful for their studies, education etc., with the use of internet we can able to get knowledge and know that things what is happening in the world. So we can gain knowledge, knowing of unknown things with the help of internet. Though it is has many advantages on the other hand it has many disadvantages also.

Advantages : There are many advantages due to internet. Already we have discussed. It is very useful in student's life. As we know in olden days, there is lack of books and education due to many reasons. But after the coming of internet. Every student is able to get the books they need and able to gain knowledge. Thus, it plays a general role in student's life. Not only student's life, it may life earlier to live for every person in wht world through social media. They can get the products, goods whatever they want they can get easily. Apps like google, Chat GPT etc. are very very useful for educating children. Due to this hte transpondation is easy and every one's life became luxioucious. Not only for these each and every thingthat we want can get easily through internet. So, it has many Advantages. Although it has many disadvantages also.

Disadvantages : It has a worst and bad impact on student's life. Now-a-days most of the children teenagers or getting addicted to cell phones. Especially to social media. They are using that for unnecessary things. They are getting addicted to games and social media apps like Facebook Twitter and Instagram etc., and spoiling their lives due to the internet. Construction of towers (signal towers) are taking place which damages and destroys the ecosystem by clearing forests. Especially birds are affecting more due to the radiations created by cell phones and internet. So we humans have to know about this and make sure to reduce the use of internet.

ADVANTAGES AND DISADVANTAGES OF INTERNET

(Chy. D. Vyshnavi - 8th Class)

Advantages of Internet :

- 1) One of the main importance of internet is that the students can get information and knowledge.
- 2) This mainly helps the students to get good grades and in wider their knowledge and skills.
- 3) When students got doubts they can go through and the mobile and the internet also helps in the clarification of doubts.
- 4) Online banking and payments can be done through internet.
- 5) The people can learn different languages through internet by chatting to their foreign friends.
- 6) It helps in entertaining the people by the various programmers and gaming.
- 7) The data of the internet can be sent through radio waves.
- 8) The internet can also used for the communication.
- 9) Online shopping also done through internet he can get various things.
- 10) It gives the information about what was happening in the world.

Disadvantages of Internet :

- 1) It damages the lifes of people by making the rumors.
- 2) More spams are done through internet which leads to death.
- 3) Because of more radiations the birds also getting disappeared.
- 4) Cybercrime are happening because of the internet.
- 5) The hackers are stealing the money of the people through hacking.
- 6) The society had became heartless and crucial.
- 7) The students are getting distracted to the mobiles.
- 8) Its effected their studies and the mental health.
- 9) The people are getting health problems because of the radiations released from their mobiles.
- 10) Seeing more mobiles and spending more time on online may effect our eyes.

Our School Director Dr. M.V.R.Krishnaji and his Engineering Classmates after 40 years gathered in Hyderabad

INTERNET ADVANTAGES AND DISADVANTAGES

(Chy. K. Modhini - 9th Class)

The Internet :

"Your gateway to the world". Internet is a basic network of interconnected computers and servers. Which is using for many works such as connecting, entertainment, educational development, information access, research and development etc. Internet is one of the important type of network. It is important because it is used for communication, education, research and development, business etc. By using internet we are having many advantages and also having many disadvantages.

Advantages of Internet :

There are many advantages of internet such as world connectivity, information access, entertainment, communication, education research and development.

World connectivity : We can connect to world by internet for making business and for making friendship with other countries.

Information access : We can get more information through internet. We can get the news through it. By this we get more knowledge.

Educational development : Through internet students can gain knowledge through online classes. By this way the education will get develop.

Research and Development : Internet plays a key role in research and development. "Surf, share and connect."

Disadvantages of internet :

The major disadvantages of internet is Addition and Distraction, cybertronic threads and health risks.

Cybertonic threads : The major disadvantage is cybertonic threads. We can loose our money through cybertonic threads.

Health risks : By using mobiles health risks may causes such as headache, eyesight etc., Internet causes more disadvantages. New students are suffering from internet and by cybertonic threads. "The power of internet is at your fingertips."

NATIONAL YOUTH DAY (12 Jan)

National Youth Day is celebrated across India on January 12th every year to commemorate the birth anniversary of Swami Vivekananda, one of India's most revered philosophers and thinkers. This day is dedicated to honoring the ideals and principles of Swami Vivekananda, who deeply influenced the youth of India with his inspiring thoughts and vision for a stronger and more resilient nation.

Swami Vivekananda was born on January 12, 1863, in Kolkata, West Bengal. He was a key figure in the Indian independence movement and played a pivotal role in introducing Indian philosophy, particularly Vedanta, to the Western world. His iconic speech at the Parliament of the World's Religions in Chicago in 1893 left a lasting impact on the global community, as he eloquently presented the universal message of Hinduism and emphasized the importance of tolerance, harmony, and coexistence.

The significance of National Youth Day lies in its focus on empowering the youth of India to become active participants in the nation's growth and development. Swami Vivekananda firmly believed that the youth have the power to transform the country and create a brighter future for themselves and their fellow citizens. He emphasized the need for the youth to be educated, enlightened, and motivated to work towards the betterment of society.

On this day, various events and programs are organized across the country to promote the ideals and values of Swami Vivekananda. These events include processions, rallies, seminars, workshops, and cultural programs, which aim to inspire the youth to adopt the principles of Swami Vivekananda and become responsible citizens of the country.

In conclusion, National Youth Day is a celebration of the power and potential of India's youth. It serves as a reminder of the importance of empowering the youth to become agents of positive change and transformation. As we celebrate this day, let us draw inspiration from the life and teachings of Swami Vivekananda and strive to create a brighter, more resilient, and more harmonious India for ourselves and for future generations.

Mahatma Gandhi's Death Anniversary (30 Jan) :

Mahatma Gandhi's death anniversary, observed on January 30th, is a poignant reminder of the sacrifices made by the Father of the Nation. On this day in 1948, Gandhi was assassinated by Nathuram Vinayak Godse, a right-wing Hindu nationalist, at Birla House in New Delhi.

Gandhi's death was a devastating blow to the nation, which was still reeling from the aftermath of partition. His assassin, Godse, was motivated by a sense of resentment towards Gandhi's perceived appeasement of Pakistan. The assassination was a tragic end to a life dedicated to non-violence and peaceful resistance.

The events leading up to Gandhi's assassination are a testament to the tumultuous times in which he lived. Gandhi had been holding daily prayer meetings at Birla House, which were open to all. On the day of his assassination, he was on his way to one such meeting when Godse stepped forward and fired three shots at point-blank range.

Gandhi's funeral procession was a massive affair, with over two million people participating in the five-mile-long procession. His mortal remains were cremated traditionally, and his ashes were immersed in rivers and seas across the country.

In the aftermath of Gandhi's assassination, the government of India took swift action against those involved in the conspiracy. Godse and his accomplice, Narayan Apte, were sentenced to death and hanged on November 15, 1949.

Today, Gandhi's death anniversary is observed as Martyrs' Day, a day to honor the sacrifices of all those who have given their lives for the nation. The President, Vice President, Prime Minister, and other dignitaries gather at Raj Ghat to pay their respects to Gandhi and other martyrs.

As we remember Gandhi on his death anniversary, we are reminded of his enduring legacy of non-violence, peace, and compassion. His life and teachings continue to inspire generations of Indians and people around the world.
